GE Service Manual

MMLG02R1AA0001E

1. Description

ALSTOM MMLG02 MMLG02R1AA0001E Safety Relays

3. Product Information

ALSTOM MMLG02 MMLG02R1AA0001E Safety Relays

Test Module for Busbar Protection, Vertical Mount, Grey/Grey

Test blocks eliminate the need to disturb protective

system wiring for testing

· Monitoring, isolation and secondary injection testing

are simplified and quickly performed

· Test blocks can be mounted adjacent to MiDOS or

MiCOM Agile protection relays and systems

Manufacturer: ALSTOM

Product Numbers: MMLG02R1AA0001E

Product Type: Safety Relays

Country of Origin: USA

Power Supply: 24 V DC

Power Consumption: 3-8 W (typical)

Operating Voltage: 5 V DC logic

Isolation: 500 V AC

TEST MODULE

MMLG SERIES

FOR BUSBAR PROTECTION VERTICAL MOUNT

SIZE 2 CASE
