Description

The Schneider Electric AR1SB3 marker holder is a practical solution for labeling needs in various applications. Measuring 20 x 10 mm, it is compact yet offers ample space for effective marking. Its lightweight design, at just 1 gram, promotes effortless placement where needed.

The holder stands 2.36 inches tall, with a width of 1.08 inches and a length of 0.43 inches. It is compliant with CE standards, ensuring it meets quality and safety requirements. The AR1SB3 functions optimally in ambient temperatures ranging from 0 degrees Celsius to a maximum of 60 degrees Celsius.

Designed for high humidity environments, it can accommodate up to 95% humidity, both during operation and storage, without condensation. The device can be utilized at altitudes as high as 1000 meters above sea level, making it adaptable for various installations and applications. Overall, this marker holder facilitates clear organization and identification in settings that require reliable labeling.
